You Are Invited!

Dear Colleagues:

As pediatric nurses, we experience both the joys and challenges of caring for our very vulnerable patients. Not only must we keep our clinical skills fresh and sharp, but we must also be counselors, case managers and advocates for both our patients and their families. New research data, therapeutic interventions, safety initiatives and JCAHO-mandated policies must be translated into clinical practice. In addition, we must strive to ensure that we are creating a workplace environment that encourages learning, teamwork, flexibility and professional development.

We invite you to join us at the **25th Annual Pediatric Critical Care Nursing Conference** to discover how your fellow practitioners are working towards solutions to these challenges. The conference is designed to provide a forum for interactive collaboration and problem solving with both colleagues and experts in the field. Presented by a diverse faculty with broad expertise and hands-on experience, this conference has something for everyone!

Highlights of the 2009 conference include:

- ▶ The return of the ever-popular “Critical Care Overview” Preconference, which serves as an excellent update of major aspects of pediatric critical care, as well as outstanding preparation for those taking the AACN CCRN exam.
- ▶ A dynamic “Pediatric Cardiology” Preconference featuring cutting-edge information on topics ranging from pathophysiology to interventional catheterization to mechanical assist devices.
- ▶ Main Conference topics offering evidence-based updates and practical strategies to improve your clinical practice.
- ▶ 20 Concurrent Session choices, allowing you to tailor your conference experience to meet your individual educational needs and interests.
- ▶ A chance to share ideas and build professional relationships with colleagues while enjoying all that Nashville, “Music City USA”, has to offer!

Return to work feeling informed, revitalized and ready to meet any challenge! **See you there!**

Who Should Attend?

Anyone involved in the care of critically ill children.

If you are a:

- ▶ Staff Nurse
- ▶ Nurse Practitioner
- ▶ Clinical Nurse Specialist
- ▶ Nurse Manager
- ▶ Educator or Instructor
- ▶ Transport Nurse
- ▶ Trauma Nurse
- ▶ Case Manager

If you work in a:

- ▶ Pediatric ICU
- ▶ General Pediatric Unit
- ▶ Adult/Mixed ICU
- ▶ Emergency/Trauma Unit
- ▶ Cardiovascular/ Cardiology Unit
- ▶ Surgery/Surgical Unit
- ▶ Neonatal ICU

... this conference is for you!

Conference Objectives

This educational offering will enable the experienced clinician to:

- ▶ Integrate pathophysiologic concepts into the care and management of various pediatric diseases, injuries and congenital anomalies.
- ▶ Analyze recent research and literature to better understand and appropriately utilize current evidence-based recommendations for care.
- ▶ Refine clinical judgment and critical thinking skills through case study discussions.
- ▶ Improve interpersonal communication skills and apply them in conflict management, boundary setting and working with challenging patients and families.
- ▶ Evaluate and utilize the latest information on VAP prevention, informatics, resuscitation and the impact of MRSA on hospitalized children.

Call for Abstracts

- ▶ Have you developed a new clinical practice guideline or program, or completed a research project that has made a difference in the care of your critically ill or injured patients?
- ▶ Have you worked in a collaborative partnership with other clinicians to make a positive impact on your work environment?

If you answered “Yes” to either of these questions, your colleagues would love to hear more about it! Share your triumphs and achievements in a poster presentation at the **Pediatric Critical Care Nursing** conference in Nashville.

Presenters will have their peer-reviewed abstracts printed in the Conference Guide and will have the opportunity to share their innovations with colleagues at the meeting. All poster presenters must register for the Main Conference and will receive a \$50 refund on the Main Conference full tuition fee. Refunds will be issued after the conference.

Poster applications from teams and individuals are welcome. The deadline for application is **September 15**.

To submit an abstract for a poster presentation, please visit: www.contemporaryforums.com/abstracts/414209 or call **Stacy Stuart: (800) 377-7707 Ext. 5105**

Preconference B

Pediatric Cardiology

Sunday, November 8

This exciting Preconference is designed for experienced pediatric and critical care nurses who would like to reinforce their current knowledge as well as explore concepts beyond the basic anatomy and physiology of the pediatric heart. Investigate the most up-to-date cardiac information, procedures and interventions as they relate to your pediatric patients. Don't miss this opportunity to advance your knowledge to the next level!

This Preconference will enable the experienced clinician to:

- ▶ Describe the pathophysiology of selected cardiac defects.
- ▶ Identify advances in VAD technology and interventional cardiology.
- ▶ Fine-tune assessment skills and recognition of potential complications with post-op cardiac patients.

7:00 a.m. Preconference B Registration • Check-In
